

Kingsoft Cloud Announces Pricing of Initial Public Offering

05/08/2020

BEIJING, May 08, 2020 (GLOBE NEWSWIRE) -- Kingsoft Cloud Holdings Limited (NASDAQ: KC) ("Kingsoft Cloud" or the "Company"), the largest independent cloud service provider in China, today announced that it has priced its initial public offering of 30,000,000 American depositary shares ("ADSs") (equivalent of 450,000,000 ordinary shares), at US\$17 per ADS for a total offering size of approximately US\$510 million before exercise of over-allotment option for underwriters to purchase additional ADSs. Each ADS represents 15 ordinary shares of the Company. The ADSs are expected to begin trading on the NASDAQ Global Market today under the ticker symbol "KC."

The Company has granted the underwriters an option, exercisable within 30 days from the date of the final prospectus, to purchase up to an aggregate of 4,500,000 additional ADSs (equivalent of 67,500,000 ordinary shares).

J.P. Morgan Securities LLC, UBS Securities LLC, Credit Suisse Securities (USA) LLC and China International Capital Corporation Hong Kong Securities Limited, are acting as joint book runners for the offering.

A registration statement relating to the offering has been filed with, and declared effective by, the U.S. Securities and Exchange Commission. This press release does not constitute an offer to sell or a solicitation of an offer to buy the securities described herein, nor shall there be any sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
